

# 7 AMAZING THINGS

our donors helped to make possible

Fund innovative educational opportunities like a Project Based Learning Lab at UDHS and a UD team in CentennialX, a summer incubator/accelerator program.

Provide academic assistance to more than 85 students with an after-school and summer program through the North Hills Education and Recreation Center.

Support STEM and STEAM programs like robotics, guitar making, and hands-on learning with new technology tools in Robbins Park.

Support music and arts by purchasing new instruments, funding a traveling art exhibit, and providing a forum for filmmakers through the Greenfield Youth Film Festival.

Enhance the school environment through the funding of buddy benches, flexible learning spaces, and collaboration centers.

Empower nearly 20 high school students through our Cardinal Opportunities mentoring program.

Fund state-of-the-art technology like physics lab equipment, a weather station, a 3D printer, and a milling machine.

Let's continue to make a difference in the lives of Upper Dublin students.

## Invest in education.

Make a tax-deductible gift to the Upper Dublin Education Foundation today. Please use the enclosed envelope or donate online at [udfoundation.org](http://udfoundation.org).
